F.A.Q

(Frequently Asked Questions)

Q> Can I first apply and send in an abstract later on?

A: Since the abstract submission is optional, you can send it at a later date but not later than May 10th 2015.

Q> Why would I submit an abstract?

The requested abstract is intended to serve as a sketch, an outline of a paper (or a scientific / theoretical / artistic project) you would be working on during the afternoon sessions (which would in great part have the format of a workshop) and produce upon the completion of the Summer School. We will intend to publish a collection of proceedings from the Summer School (without yet having a specific publisher in mind or a possible contract - but that is the general plan).

Q> Can I apply first and make the fee payment later on?

A: Yes, what matters is that you send in the filled out application. The payment is not an urgency. All payments shall be made as soon as the selection process (April 30th 2015) is completed and not later than May 10th 2015.

Q> Can I submit an application within the early bird deadline and pay latter?

A: At the moment it suffices if you send in your application within the early bird deadline. All payments shall be made as soon as the selection process is completed (April 30th 2015) and not later than May 10th 2015.

Q> Can I apply for the Summer School even if I have a completed PhD?

A: Of course, the Summer School is intended for MA students, MA's, PhD students, also for scholars holding a PhD for whose personal research the themes of this summer school are relevant.
